

“Chill was founded in 1995 by Jake and Donna Carpenter, founders of Burton Snowboards. Since it’s inception, Chill has served more than 30,000 young people, working with approximately 3,000 youth annually. Recognizing the inherent strength and potential that exists in each of our participants, we teach new skills, building confidence, and inspire a lifelong love for boardsports, all at no cost to the youth.”

“We are thrilled to complete our second year partnering with CJ’s SKATEPARK and planning our 3rd year program next fall.”
